

About PROject War

School of Computing Science and Engineering, Galgotias University announces "National Level Project Competition 2016 (PROWAR)". The main objective of this competition is to provide an opportunity to bring together students and present their ideas, results and development activities in the fields of computer science. The project competition gives an opportunity to students to showcase their talent, research orientation and untapped potential. This national level competition will provide a forum to students for presenting and discussing about the new design, innovative ideas, alternative technologies and findings in the field of computer science. The goal of this competition is to prepare the future generation of engineers to be innovative leaders, responsible citizens and problem solvers. This competition is conducted for students to show how to develop a unique solution to a real-world problem using engineering, technology, science, computing, and leadership skills to benefit the community and the world.

Galgotias University (GU): The University is established under Galgotias University Uttar Pradesh Act 14 of 2011. With a focus on multidisciplinary research, education and a learning model that emphasizes active learning, GU aspires to be globally known for innovation at the intersection of disciplines. GU's bold vision builds upon over a decade of excellence of Galgotias Institutions in engineering and business education. Galgotias Institutions have been nationally ranked by India Today, Business Today and Outlook for their programs in engineering.

About School of Computing Science and Engineering

The School is backed with competent faculty members having good expertise and active researchers with varied experience in different areas of Computer Science & Engineering. The well designed curricula enable the students to acquire the relevant knowledge and skills. The department offers undergraduate, postgraduate and research programs in various disciplines of Computer Science & Engineering.

Topics For Projects

Any topic related to their respective domain but are not limited to. (Web Intelligence & Semantics, & Data Mining, Software Engineering & Information System, Intelligent System & Automation, Green Computing & Internet of Things, Hardware Design and Communication etc.)

Eligibility Criteria

Open for all postgraduate, undergraduate engineering, polytechnic students and science graduate students of all discipline (Computer Science/ Informational technology/ Computer Application) enrolled at an institution at the college and university level.

Awards

Cash/Exciting Prizes for **First , Second , Third winner** and many more consolation prizes. **Appreciation certificate to guide.**

Guidelines

- ◆ Each team can comprise of maximum 5 students.
- ◆ Project must be original design and creation of entrant(s).
- ◆ All contestants are required to present college ID Card.
- ◆ Each team will be given 15-30 minutes for presentation and show the working of the project.
- ◆ Team must bring laptops with proper running setup to present the project/Application.
- ◆ The infrastructure/software's required for running the project or application shall be borne by the team.
- ◆ All the contestants will be presented certification of

Registration

For online registration

⇒ <http://goo.gl/forms/aQWKhgmC4n>

⇒ **Registration fee *:-Rs. 500 Per team**

(*Fee has to be submitted on Event Day)

Submission Procedure

Interested students are invited to submit project report including results, figures and references. After completion of Registration, Project Report and presentation should be sent to :-**technojam.scse@gmail.com**.

IMPORTANT DATES

Registration Deadline: -14th April, 2016

Abstract Submission: 14th April, 2016

Report Submission: 22nd April, 2016

EVENT DATE

30th April, 2016

For more details write to us at

technojam.scse@gmail.com

Organizing Committee

Organizing Chair

Dr.Parma Nand Astya,Dean SCSE

Convener

Dr. Abshishek Swaroop

Technical Committee
