

Brief of Contest for India Handloom Garment Design

Fashioning handloom in India

Indian handloom fabric is an integral part of our culture and tradition. There has been an increasing focus on the need for “linking handloom with fashion” and making handloom accessible to the new India and making weavers inclusive in the changing fashion requirements of the Indian consumer. The task set forth by Hon’ble Prime Minister of India has been taken forth by Development Commissioner Handloom’s office at multifarious level. Branding of handloom products has been launched under “India Handloom” brand scheme.

India Handloom Garment contest is one such effort to create national and international level participative process in encouraging apparel creators to be a part of building the fashion for India using handloom fabrics.

1. Objectives

The competition is being held with the objective to attract young talent for designing contemporary life-style and apparel products underlying the richness of traditional crafts in India. The competition aims at value addition to the existing handloom fabrics, evolving afresh visual vocabulary through design ideation that defines innovation in new India.

2. Product category : Apparel for Man and Woman

The categories could be Indian/ Western/ Indo-Western in any of the following themes:

- Holistic clothes with meaning
- Comfort, functional, practical
- Simplicity
- Artistic fashion forward

- Note:**
1. For Organic Cotton fabric, the applicant has to submit Organic Cotton fabric certification from GOTS along with application
 2. The IHB registration for Organic Cotton fabric will be valid as long as the GOTS certificate is valid or 3 years whichever is earlier.
 3. Organic Cotton products will use only GOTS certified dyes, if not using Natural Dyes. These will be permissible only for minimum 10 looms and subjected to more intensive surveillance because there were apprehensions of plain fabric prepared on power looms being sold under IHB.

There will be a separate sub-category for the products of natural dyes against the above products though it is not mentioned in the list. For example: If Mangalgiri cotton dress material is made with natural dyes then it should mentioned in the application as "Mangalgiri cotton dress material – Natural dyes".

In addition to the above parameters, the India Handloom products must also comply with the following.

1. The fabric should be free from defects as listed in Appendix.
2. Fabric should be made of natural fibres only. The yarn can be machine-made or hand spun.
3. Pure or tested zari meeting the dyes and fastness parameters may be used in any part of the fabric during weaving.

4. In case of garments and made-ups, there will be no limitation on product categories which can be registered under the IHB provided the India Handloom Branded fabric is used and complies with the specified parameters.
5. Embellishments will be permitted on garments and made-ups subject to the following conditions:
 - a) Natural dyes or dyes free from banned amines should be used for colouring.
 - b) (i) Zari can be to any extent subject to fastness and banned amine free dyes.
(ii) Design in weaving with natural fibres can be to any extent.
(iii) Embellishments can be to any extent but not more than 15% of fabric can be covered by other materials like beads, glass, mirror etc.
 - c) Threads meeting the dyes and fastness parameters should be used for embellishments.
6. The dyes used should be free from banned amines.
7. The mordants namely Copper Salts, Stannous Salts and Chromium Salts should not be used for dyeing and/or printing with natural dyes. The mordants namely Alum and Ferrous may be used.
8. The IHB products dyed and/or printed with Synthetic dyes and Natural dyes should have the following fastness standards.

Sl. no	Nature of Fastness	For Synthetic dyes	For Natural dyes
1	Fastness to Light	4 and above	3-4 and above
2	Fastness to washing (Except Silk & Wool and their blends)	Change in colour : 3-4 and above Staining on fabric: 3-4 and above	Change in colour : 3-4 and above Staining on fabric: 3-4 and above
3	Fastness to Rubbing	Dry : 3-4 and above Wet : 3 and above	Dry : 3-4 and above Wet : 3 and above
4	Fastness to Dry cleaning (In case of Silk & Wool and their blends)	Change in colour : 3-4 and above Staining on Solvent : 3-4 and above	Change in colour : 3-4 and above Staining on Solvent : 3-4 and above
5	Perspiration		Acidic : 3- 4 and above Alkaline : 3-4 and above

Yarn and Fabric Defects

Ref: IS 14466:1997

ISO 8498:1990

1. **Fine yarn; thin end; thin pick:** A yarn whose thickness is unacceptably less than that of the adjacent yarns.
2. **Gout:** A lumpy, asymmetrical fault in a spun yarn of a fabric.
3. **Slub:** In a yarn, a thickened place having tapering ends and a diameter several times that of the adjacent normal yarn.
4. **Soiled yarn:** An individual yarn, in either warp or weft that is discolored by dirt, oil or other contaminants.
5. **Bar, weft bar:** A band with clearly defined edges, which differs in appearance from the adjacent normal fabric.
6. **Broken pick; dropped pick:** A weft yarn which is present for only part of the fabric width.
7. **Coarse pick; coarse weft; thick pick:** A weft yarn of substantially greater thickness than that of the adjacent weft yarns.
8. **Double pick:** A disruption of the weave pattern similar in appearance to a thick pick but where two yarns are in the same shed.
9. **Kinky weft; looped yarn; weft kinks:** Exposed loops of weft yarn.
10. **Mispick:** weft yarn which does not conform to the intended weaving pattern.
11. **Sloughed-off weft:** Several thicknesses of weft yarn appearing in the position intended for one weft yarn for a limited width.
12. **Stitching; undershot:** A weftways float on the back or face of the fabric, usually extending over several warp yarns.
13. **Thick place:** A prominent band in which an increase in weft density, compared to that of the rest of the fabric, is apparent.
14. **Thin place:** A prominent band in which a decrease in weft density, compared to that of the rest of the fabric, is apparent.
15. **Wrong weft:** Weft which is distinctly different from the normal weft in a fabric.
16. **Broken end; end out; missing end:** A warpways line where a warp yarn is absent for part or the entire piece.
17. **Coarse end; thick end:** A warp yarn thicker than the adjacent warp yarns.
18. **Misdraw; wrong draft; wrong draw:** Warp yarns that do not conform to the required draft plan.
19. **Baggy selvedge; loose selvedge; slack selvedge:** A selvedge that is rippled and longer than the adjacent fabric.

20. **Tight selvedge:** A selvedge that is shorter than the adjacent fabric.
21. **Abrasion mark; chafe mark:** An area of localized wear characterized by excessive surface hairiness or denuded fiber.
22. **Broken color pattern:** Colored weft yarn appearing in the fabric in the wrong sequence.
23. **Colored flecks; colored fly:** a small quantity of colored fiber unintentionally incorporated into the structure of a fabric of a different color.
24. **Disturbed place:** An area where the weave has been disarranged, but where the yarns are undamaged.
25. **Float:** In a fabric, a length of yarn that is unbound over two or more successive ends or picks.
26. **Foreign body:** An inclusion of non-textile matter.
27. **Foreign fibers:** Fibers of a different type and/or color from the other fibers in the fabric.
28. **Hole:** A breakdown in the fabric where two or more adjacent yarns are severed.
29. **Neppy fabric:** an excessive number of small tangles or knots of fibers appearing on the fabric surface.
30. **Shuttle trap mark:** A disturbance of the weave or a localized pucker of the fabric that extends over an area corresponding to the dimension of a shuttle.
31. **Smash:** A relatively large hole in a fabric characterized by many broken warp ends and floating picks, or a prominent mark left behind after repairing such a hole.
32. **Snarl:** A short unbroken length of warp or weft yarn which is doubled-up in the fabric.
33. **Stain:** A discrete area of discoloration of a fabric.
34. **Stitched place:** An area where the interlacing of the warp and weft threads does not conform to the planned weave.
35. **Tear:** An opening in the structure of a fabric in which several warp or weft yarns, or both, are severed.
