

**The Indian Institute of Welding**  
(A member society of the International Institute of Welding)  
Presents

## **‘Best Welding Engineer’ Competition 2016-17**

**Sponsored by M/s. ELCA Laboratories Ltd.**

### **If you have**

- ✚ Knowledge of Welding technology, quality assurance and safety in welded fabrication; and
- ✚ Qualifications and requisite experience as follows;
  - If you are an Indian resident and
  - If you are an engineering graduate with at least 2 years’ experience OR
  - If you are a Diploma holder with 5 years’ experience, OR
  - If you are a science graduate with 10 years’ experience; and can read engineering drawings; then;

### **Here is your chance to be the “National Winner” & get noticed in**

- ✚ The Indian Welding Journal – the official IIW publication with circulation of 4500+ and;
- ✚ The official website of IIW India; and
- ✚ Receive a cash award and a certificate of recognition during the ‘National welding Seminar’ at KOLKATA in December 2016

## Simple Steps to Appear for the test

1. To register for online test, go to [www.iwindia.org](http://www.iwindia.org) (Registration opens on **2<sup>nd</sup> October 2016**)
2. Fill in the registration form online and submit
3. You will receive your login id and password by email on your registered email id.
4. Give the on-line preliminary examination when you are ready (See the dates below during which the exam can be taken at any hour). You will require to answer 60 multiple choice questions in 60 minutes
5. The top 10 scorers will be invited to Kolkata for a final written examination and an interview on 14<sup>th</sup> December, and attend the National Welding Seminar on the 15<sup>th</sup> December 2016.
6. Be a winner, get recognition within the welding community and receive a cash award and a certificate during the inaugural session of the National Welding Seminar.

Please note the dates for on-line test below

**From 23<sup>th</sup> October till 30<sup>th</sup> October 2016, both days inclusive**

You can register & give the test at any hour during this period

### Broad Study Topics for the examination include

Construction & Design of weldments  
Welding Processes and Equipment  
Materials and their behavior during welding  
Fabrication & Application Engineering
