The correct answer is awarded with 2 marks, whereas the wrong one carries a penalty of 0.5 mark, except for Class III and IV.

Awards

- Students scoring above 30 marks or the Benchmark score, whichever is higher, are declared as successful.
- The top 5 rank holders of each class are awarded mementoes.
- The top 200 successful students from each class are awarded a Certificate of Merit and Prizes worth more than **Rs. 3.85 lacs.**

INTRODUCTION

ABOUT US

Indian Institute for Studies in Mathematics, or IISMA, is an organization entirely devoted to the promotion of mathematics at all levels.

Mathematics is the language of nature and an indispensable part of our life. We firmly believe that it is essential to broaden and deepen the understanding of mathematical concepts among the students right from the beginning, outside the rigid framework of standard school syllabus. In the course of time, a student must develop an intuitive approach, critical thinking and a quick hand at calculation.

ABOUT MTSE

To test their understanding of mathematical concepts, and to prepare them to face competitive exams, IISMA is organising a Maths Talent Search Examination or MTSE for the students of classes III to IX in English. The focus of this exam is on reasoning, mental ability, novel approach, accuracy and speed. Team IISMA earnestly solicits your co-operation in its endeavour to honour and inspire the mathematical talent in the young.

ELIGIBILITY

The MTSE is an open exam. Any student studying in Class III, IV, V, VI, VII, VIII or IX with CBSE, ICSE, IB or any State Board is eligible to appear for MTSE. A student can appear for the class in which he/she is studying during the academic year.
