## The FIITJEE Journey

FIITJEE was created in 1992 by the vision and toil of Mr. D. K. Goel, a Mechanical Engineering Graduate from IIT Delhi. We had a very humble beginning as a forum for IIT-JEE, with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to realization of this vision, we went beyond merely coaching for IIT-JEE. We actually started to make a difference in the way Students think and approach problems. We started to develop ways to enhance Students' IQ. We started to leave an indelible mark on the Students who have undergone FIITJEE training. We started changing lives. And all this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence, which enabled us and our Students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the FIITJEE DNA.

The Success of our Students was inspiring and so was their faith in FIITJEE. It was this faith that was a catalyst for our venturing into areas beyond IIT-JEE. It was this faith that prompted us to embark on a mission to provide Wholesome School Education to Students through FIITJEE Integrated School Programs like UDAYA Plus, SUPREME & PINNACLE, in a way so that there was no need for any type of coaching outside of the School System. In addition to the launch of FIITJEE Junior Colleges in Bhubaneswar, Hyderabad, Vijayawada & Visakhapatnam many like-minded Schools across the Country joined hands with us in this Student centric endeavor to create Ideal School Education platform for Students to get admission in IITs & US Universities without stress & tension along with huge success in Olympiads, SAT-I & SAT-II. And it was this faith only that again enabled us to create landmark success in NTSE.

And it is this very faith that has again inspired us to provide a platform for Students aspiring for admission to US Universities in form of USA UnivQuest - a comprehensive program taking care of all aspects of the preparation – in the same old, trusted FIITJEE way. Launch of FIITJEE World Schools at Hyderabad was a concentrated effort in that direction, where Students are being trained for the best in the world through methodologies and practices that are truly world Class. Students in other select cities will also have an opportunity for preparing for admission to US Universities through USA UnivQuest School Integrated Programs to be run in collaboration with our Select Associate Schools.

“This Journey from just an IIT-JEE Coaching Institute, to the most powerful brand in serious education has been exhilarating. However, the Journey is not over yet. For us at FIITJEE, The Journey will never be over...

**For us, this Journey itself is the destination.”**

**D. K. Goel**

*(Founder Chairman and Chief Mentor)*

## FIITJEE laid its foundation stone with a Mission

**M**ission to nurture all the Talented & Deserving Engineering Aspirants of the country and facilitate them to bag a seat in the prestigious IITs. And this mission has today resulted in every third IITian being a FIITJEE Student. At the same time, we have been aggrieved to see so much of Talent succumbing to the harsh realities of the world - extreme competition at IIT-JEE Level coupled with lack of availability of the right coaches / right mentors. More often than not, they start falling prey to the wrong & unethical practices like making false commitment, claiming false results etc. followed by most of the institutes in the Country.

Exploiting the extreme desire of Students for a seat in IIT, even a nondescript small town came into limelight for its IIT-JEE Coaching a few years ago. Students from other parts of the Country flocked to this small hamlet with a belief that their dreams of becoming an IITian will come true by joining one of the Coaching Institutes there. These Coaching Institutes formed batches of 200 - 500 Students in each class. Obviously classes could only happen as a monologue with learning being the sole responsibility of the Student.

This approach of the institutes forced Students into cramming IIT-JEE syllabus and seeking help of alternative study materials etc. Initially the system saw some success, only because some good Students were getting enticed, primarily due to lack of good coaching opportunities in their home towns. Infact one of the famed Coaching Institutes, following this very system, produced 40 Ranks in Top 100 All India Ranks in IIT-JEE, 2007.

Contrary to the Students quest for True Gurus, these institutes do not even have competent Faculty who can teach Physics, Chemistry & Mathematics reasonably well. Leave alone enhancing the talent, these sham Institutes end up ruining even the inborn talent of the Students. Such success was short lived and Students soon realised the faults of such a system.

Just like a True Guru cannot see the future of his disciples get ruined, FIITJEE too cannot see the future of Talented Students get damaged at the hands of such Institutes. Hence, in step with our unceasing Commitment towards harnessing unrecognized Talent of Rajasthan State, we launched Rajasthan Talent Recognition Exam last year.

## The FIITJEE Way

### The Value System

FIITJEE Value System revolves around Truth, Transparency & Commitment. Whatever we think, we say & whatever we say, we do. We present to you what we actually are.

### The Quality

We never compromise on quality. Our penchant and pursuit of quality is evident in our every activity, in all our actions, at all times, everywhere.

### ❖ Best Faculty

Every institute for IIT-JEE training worth its name tries to get a FIITJEE faculty. We are the only institute that follows a very strong, systematic & objective selection and training process before a teacher becomes a FIITJEE faculty. **FIITJEE has a pool of more than 1700 very competent full-time faculty** ensuring you get highly effective teachers in all the subjects throughout your studies.

### ❖ Pattern Proof Teaching Methodology

FIITJEE has always been preparing Students in a fundamental way. **FIITJEE has been teaching in a comprehensive way so that Students do well in IIT-JEE (irrespective of the pattern), Boards, NTSE, KVPY, Olympiads and Other Engineering Entrance Exams.** For the last many years our Students have been securing admissions in the top 10 US Universities where admission is based on the performance of School + Last Board Exam and SAT-I, SAT-II, AP Exams & TOEFL.

Testing pattern of IIT-JEE keeps on changing but the key aspect of the test is to judge the analytical ability of the aspirants along with the understanding of fundamentals.

Students having sound understanding of fundamental concepts & practising varied types of problems persistently will always outperform those Students, who confine their preparation to the pattern only rather than understanding the concepts.

### ❖ Comprehensive Study Material

The fact that every publisher / institute refers to our Study Material & JEE Solutions while creating their books / solutions / study material is a testimony to our quality. There is a bit of FIITJEE in everyone associated with IIT-JEE, be it Students, coaching institutes or publications. Ask any Student successful in IIT-JEE & explore the truth yourself. **Our Study Material is Pattern Proof** i.e. Students are well prepared for the IIT-JEE irrespective of any type of pattern.

### ❖ Enabling Infrastructure

We strongly believe in the fact that the environment in which a Student studies is equally important for effective learning. We ensure our Students study in an enabling environment equipped with proper Classrooms to keep them stress free.

### ❖ Personalized Coaching

Individual attention is given to each and every Student irrespective of one's standing in the merit at any point of time. **We never increase our batch size beyond a limit, this facilitates proper Student-Faculty interaction.** Our faculty is always willing to clear doubts of Students even individually, if required.

## The Winning Methodology

Our Methodology makes the Students capable of creatively resolving complex & tricky problems by improving and sharpening their analytical skills & parallel thinking processes. We develop and share the right strategies from time to time to optimize Students' output.

## Innovative Programs & Concepts

Innovation is the essence at FIITJEE. **PINNACLE, SUPREME & UDAYA Plus Programs are already revolutionizing school education in India.** We are the pioneers in designing a specific IQ Test to test the temperament and potential of a Student for JEE Advanced. The Student's score in this test helps us to judge his / her potential in the beginning itself and the level of input required for his / her success. This makes our Classroom Programs very effective as we know in advance the level of input needed for different Students. **FIITJEE is the only institute in India having the capability to predict Rank Potential Index (RPI) / Success Potential Index (SPI)** of a Student & constantly encourage its Students to emulate them. Apart from Classroom / Integrated School Programs, FIITJEE has also made unique innovation in the field of **Online Test Series** by launching **myPat**, another invaluable tool for getting Success in various Competitive / Scholastic Exams viz. **JEE Advanced, JEE Main, BITSAT, KVPY & NTSE.** This Online Test Series is focussed upon enabling Students to learn through Assessment, Analysis, Identification of Knowledge Gaps & Remedy options.

## The Total Success Approach

Even though our programs aim at JEE Advanced, we prepare Students comprehensively also for KVPY, SAT, Olympiads, NTSE and all other important Engineering Entrance Exams including JEE Main / BIT-SAT / VITEEE / CET (Karnataka) / CET (G.G.S.I.P. University) / BVP (Pune) / EAMCET (Andhra Pradesh) / KEAM (Kerala) / UPSEE / CG PET (Chhattisgarh) / RPET (Rajasthan) / BCECE (Bihar) / WBJEE (West Bengal) / AMUEEE / J&K CET / JCECE (Jharkhand) etc too.

## Research & Development

Our Research and Development team works round the clock to ensure that our teaching methodology, study material and course structure is constantly updated. This committed team keeps a keen eye on the latest developments and changes in the JEE Advanced, JEE Main, other prestigious Engineering Entrance Exams / Olympiads / NTSE / KVPY and swiftly incorporates them in our course curriculum.
