Each team should comprise of TWO Members, both of whom should be from the same Bank not necessarily from the same city and same branch but from the same zone. Participating teams can enter the contest directly with approval of their controlling authority so that the banks are aware as to how many participants from the zone are registering and in the event of the participating team qualifying for the next round, arrange to depute them officially to represent the bank to attend the next round, i.e. the Zonal or National Final as the case may be. Care should be taken that persons do not register themselves in more than one team.
3. This contest is divided into three parts.
 - a. The first preliminary round is a zone wise on-line contest. The Teams can participate in the preliminary round from the comfort of their office/home.

The participants from the top six teams will have to travel to the place where the Zonal Semi-Finals will be held. IIBF shall reimburse the to and fro II AC or the actual amount incurred from the boarding point to the said destination, whichever is less, on submission of proof of travel by the participant. The lodging, boarding and local transportation expenses, however, may be borne by the bank concerned.
 - c. The third part is the National Finale with the winning teams from each Zone which will also be telecast on a National TV Channel. Here also, the winning teams from each zone will have to travel to Mumbai for participating in the national finale.
