

Greetings from Suncity School!

As Howard Gardner famously said, **“It’s not how smart you are, it is how you are smart!”**

At Suncity School we believe in giving them opportunities to explore their potential and in the process learn about their own skills and intelligences.

Our annual event, **‘Multiple Intelligences and me’** focuses on the Multiple Intelligences that each child is capable of.

We are pleased to invite you to the **‘Multiple Intelligences and me’-“MI-me”** event, to be held this year on **Friday, 24th November, 2017**. This is the seventh year of our event and we are looking forward to participation from your esteemed organization.

The event has been designed keeping in sync with Howard Gardner’s theory of Multiple Intelligences. The widely recognised intelligences like interpersonal, intrapersonal, spatial and naturalistic intelligence besides logical, linguistic, kinesthetic and musical intelligence are found in all human beings and it becomes vital to focus on all the intelligences for developing a holistic personality.

This event aims to provide a platform to help hone the skills of all eight intelligences and elicit the best from within the child to mold an ‘ABLE and NOBLE’ being.

A novel event, this competition has an array of specially designed activities, based on the eight intelligences, that **each participant will be expected to participate in**, to emerge the ‘MI-me’ champion.

Participation can also be for single categories. **These participants however will not be eligible for the MI –me trophy/championship.** The event will be judged by an eminent panel of judges across the various intelligences.

**Date of competition:** Friday, 24th November, 2017

**Venue of the competition:** Suncity school auditorium, Sector 54, Suncity township, Gurgaon.

**Time:** 09:00 hours (Registration from 08:30 hours onwards)

**Registration Link:** [http://suncityschool.in/suncity-school/pdfs/mi\\_me\\_online\\_form\\_hidden.pdf](http://suncityschool.in/suncity-school/pdfs/mi_me_online_form_hidden.pdf)

Suncity School will feel privileged to have your students participate in the event.

Details regarding the same are attached herewith.

The Event coordinators are Kavita Malviya (Head -Co-curricular Activities)-9899054091 and Ms. Kavita Lal (Head- Upper Primary) - 9810629181

## Quality Control Circles Case Study Presentation.

Group 1: Classes X & XI  
Group 2: Classes VIII & IX

***This year, along with the other events, we have a novel event which is the Quality Control Circles Case Study Presentation.***

### Introduction:

**Quality Control Circles (QCC)** was formed with the objective of problem solving in the industry. Its aim is to foster an environment of **collaboration** to develop analytical prowess to problem solving. It is also aimed at **building out of the box thinking skills** through quality excellence in each of the functional areas - be it school, home or community.

Quality Control Circles fundamentally **drive a lot of change management** for creating an improved environment.....a positive mindset and a right attitude that goes a long way in defining the paradigm shift!

### The main objectives or QCC are:

- To hone problem solving skills
- To impart social skills through teamwork/collaboration
- To develop data based analytical approach
- The statistical tools and techniques used , enable **effective planning, problem resolution and decision making**

### Some of the QCC tools & frameworks taught and used effectively are:
